Criminal Record Checks:

NSW Health Department Policy states that any person undertaking clinical experience must undergo a criminal record check prior to commencement. Would you therefore please sign the attached paper and return with your application form.

Immunisation:

While vaccination remains the individual's choice, it is strongly recommended.

- **Where vaccination is contraindicated:** Should you believe that the vaccination is contraindicated for you, you will need to provide evidence from your GP clearly outlining the reasons why vaccination is contraindicated.
- **Where previous vaccination attempts have not resulted in you becoming immune:** Should you believe that you fall into this category you will need to provide documented evidence of your vaccination course completion and your immunity status consistent with the requirements listed above.

Certificate:

Awarded to successful participants indicating completion of course requirements (minimum 17 days attendance)

Further details of:

Dress, venue, optional text, medication administration practice sheets etc will be forwarded to successful applicants at the time of notification.

Notification:

It is our intention that successful and unsuccessful applicants will be notified by mail within one week of application closure.
