Sydney Adventist Hospital (SAH), fondly known as 'the San', is a division of Adventist HealthCare – a Christian not-for-profit organisation. The San is NSW’s largest private hospital with over 700 beds, employing over 2300 staff, 500 volunteers and 1000 accredited medical officers.

The hospital offers the latest services and facilities, including 23 operating theatres and endoscopy suites, 3 cardiac catheterisation laboratories, NSW’s largest private 24x7 Emergency department, intensive care and coronary care units, renal dialysis unit, rehabilitation and sleep studies units, a leading multi-disciplinary Integrated Cancer Centre, and an extensive range of diagnostic, allied health and support services. Dedicated to being at the forefront of technology, the San has an advanced robotic surgery unit, state-of-the-art hybrid operating theatre, and the latest in surgical and diagnostic imaging.

Our Mission
Caring for the community since 1903, the hospital’s reputation for exceptional care is built on the continuous provision of leading medical & surgical care, underpinned by the expertise, commitment and compassion of our people, and our faith-based approach to caring for the whole person – which is reflected in our Mission

‘Christianity in Action – caring for the body, mind and spirit of our patients, colleagues, community and ourselves’.

About the role
Day Procedure Centre Nurse Unit Manager, reports to the Director Perioperative Services.

The Day Procedure Centre is a standalone unit with 4 theatres, admission, Stage 1 PACU, discharge area and scope cleaning facility. The main focus is endoscopy services.

As part of the Perioperative Management team you will be involved in maintaining and enhancing a culture of quality, safety and patient focused care, utilising best clinical practice. The successful candidate will have responsibility for:
daily operational management, staff allocations
workforce planning
development of the multidisciplinary team in the Day Procedure Centre
focusing on maximising operational efficiency, business growth and ensuring provision of the highest quality of patient care.

Essential Criteria:
- Registered Nurse with current AHPRA registration.
- Minimum 5 years post graduate Perioperative or Day Surgery Nursing experience.
- Demonstrated high level of Perioperative/Day Surgery clinical knowledge and skills.
- Previous experience in a management or team leader role.
- Proven ability to work both independently and collaboratively as part of a multidisciplinary team.
- Demonstrated leadership, negotiating and interpersonal communication skills.
- Bloodsafe Clinical Transfusion Practice
- NSW Health DETECT

Desirable Criteria:
- Previous experience in the rostering and allocation of nursing staff.
- Previous experience in endoscopy services.
- Post graduate qualifications in management or working towards same.

Salary is dependent upon classification and in accordance in the AHCL Nursing Employees Enterprise Agreement 2017.

Enquiries should be addressed to:
Karen Reimer, Director Perioperative Services
